

# 1 - 9 November

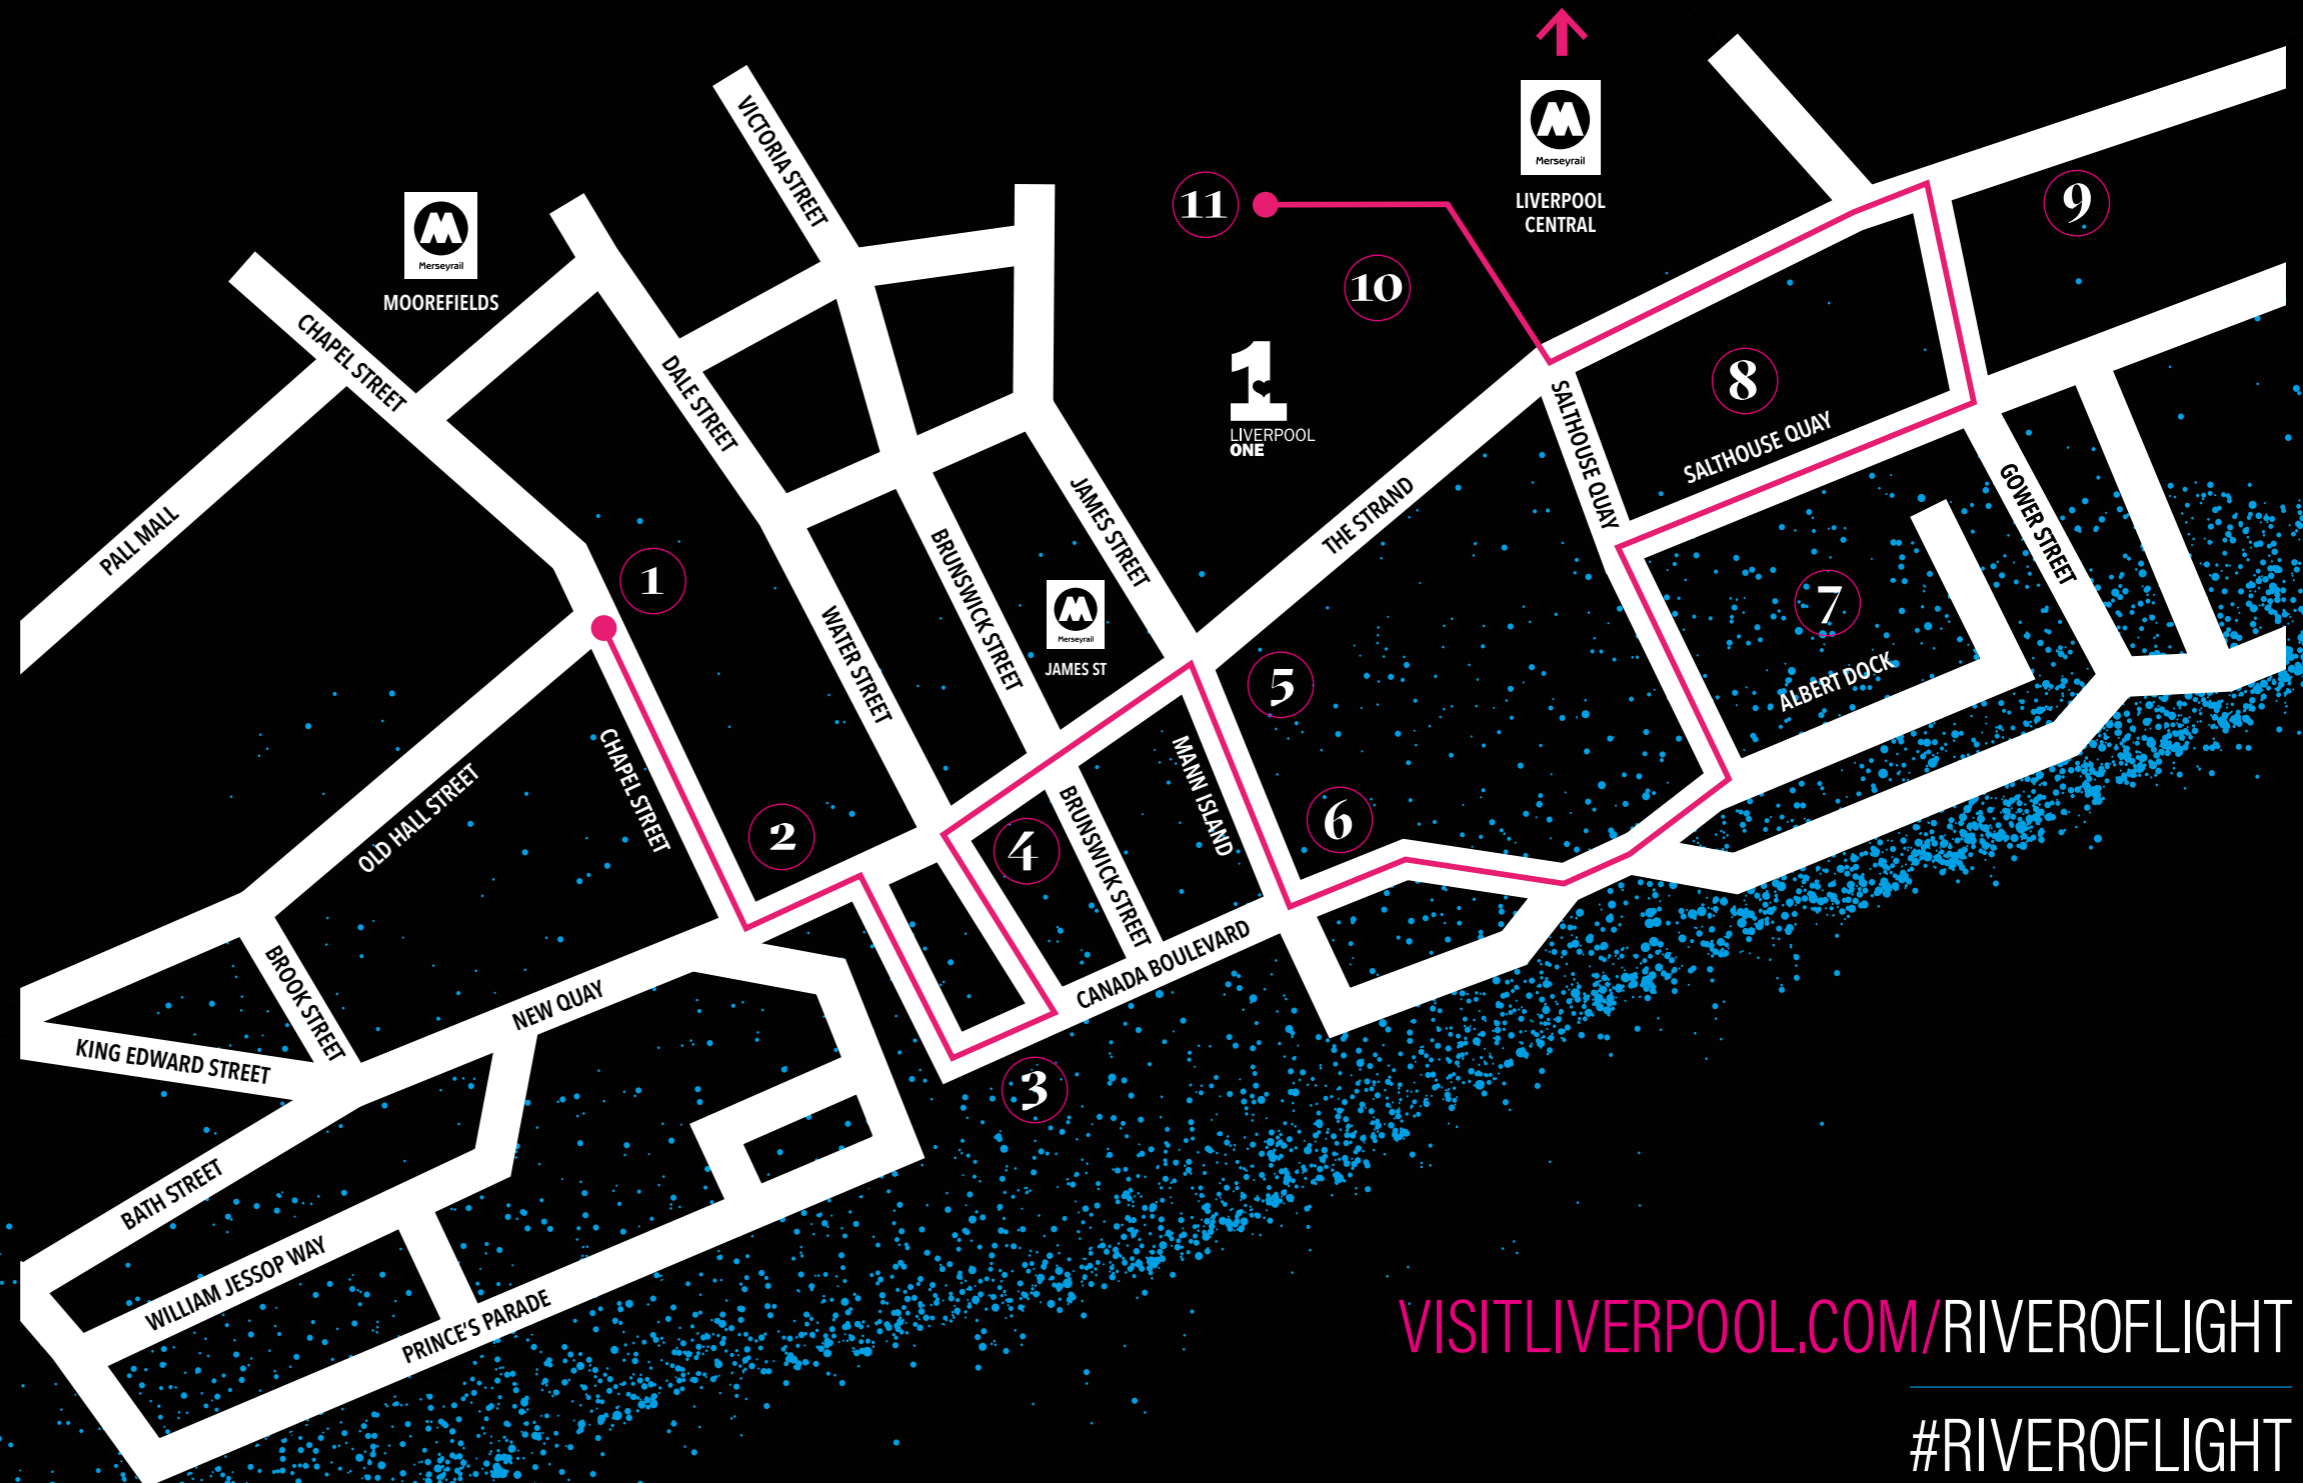

A nine day light festival  
with extraordinary fireworks.

From Friday 1 to Saturday 9 November  
Liverpool will be transformed with light,  
colour and sound as twelve incredible art  
commissions will be on display in iconic  
locations across the city.

River of Light Fireworks will return for one  
night only on the 3 November, as the River  
Mersey once again becomes a stage for  
Titanium Fireworks - one of the world's  
leading pyrotechnic companies.

This is our most ambitious programme to date,  
the waterfront will become the must-visit  
selfie-spot, as each evening the artworks will  
transform the area into a light spectacular.

Get there by train with Merseyrail.
